

After being tolerant of telemarketers, we have finally had it. The worst are the financial institutions trying to sign us up for new credit cards, or give us loans we don't need or want. We signed up for the no-call list for the first time in December. Our request will go into effect April 1. We can't wait!! Now I understand that we may not be protected against these unwanted and unsolicited calls after all. Please tell me it isn't so! Keep the no-call list the way it was set up. The people of Wisconsin should be able to exercise their own decision making. Thanks.
